

V 4015 Iso L

Internal door for fresh and cold logistics

For cold and fresh foods with insulated curtain for good thermal values

The energy-saving door in internal areas for cold and fresh logistics.

A thermal insulation value of $U_T = 1.2 \text{ W/(m}^2\text{K)}$ is achieved.

Wind lock

20-mm-thick insulated curtain

Internal door	V 4015 Iso L
Size range	
Max. width (LDB)	4000 mm
Max. height (LDH)	4500 mm
Speed	
With standard FU control BK 150 FUE H	
Max. opening speed	1.5 m/sec.
Max. closing speed	0.5 m/sec.
Emergency opening	
Crank handle	
Optional:	
Automatic door opening via UPS	
in case of power failure (BS 150 FUE H UPS, 230 V)	
Curtain	
PE foam	
Thickness	20 mm
