

C-Z

Cranes & Handling Equipments

Partner with us...

And experience a world of custom solutions to all your Material Handling needs.

We don't just manufacture cranes, we partner with our customers to provide solutions for their Material handling needs and also assist in their planning and modernization projects.

Let us Handle it...

Overview:

We would like to introduce ourselves as one of the most versatile Material handling solution providers in the country. C-Z Cranes & Hdlg. Eqpts. boasts 2 Decades of expertise in the Material handling Industry, Having worked with some of the biggest projects for some of the largest companies in India, we have developed an all round sense of adaptability and technical competence in the past 20 years, and have well incorporated the same in our products. C-Z Cranes has Designed, Manufactured and Commissioned cranes for various industries like Shipyards, Cement Plants, Defence, MES, Power Plants, Steel Plants to name a few.

Location and Facilities:

We have a 10000 sq. ft. unit located at Wagle Industrial Estate MIDC, Thane.

An additional production unit of 2 Acres added at Asangaon recently, just 50 km from Thane.

Expansion in progress for another 1 Acre unit at Asangaon.

All our units are well equipped with Cranes, Welding Rectifiers, CO2 sets Cutting machines, and other Machine shop equipment.

Our Vastly experienced In-house design team is well equipped with cutting edge engineering packages running on high end workstations

Material Handling Solutions For every Industry

Engineering Expertise:

Our experience spans over 2 Decades in the material handling industry, and with our team of well qualified engineers and works-men, we have provided solutions to some of the largest companies in India.

We have an In-house designing facility headed by our Founding Director who is a technocrat par excellence possessing rich experience spanning over 3 Decades in the industry.

On-site Service:

We have pooled in an excellent team of service engineers with a "ready to deliver" attitude and solutions at hand to the myriad problems encountered in the industry.

Custom Solutions:

We understand the need for flexibility in any equipment and have developed a fine blend in adapting ourselves to have custom solutions for each client, built within the range of standard equipments that we provide.

Feel free to contact us for any requirements should you not find the solution u desire in our standard range of products

Quality.....

C-Z's Quality Statement:

C-Z knows that customer-driven quality and operational performance excellence are tenets to being an enterprising company.

C-Z is committed to delivering high quality products and services to its customers that meet and exceed their expectations. Our customers and their satisfaction are paramount to our company, and we include their perspective in every decision we make. To fulfill this commitment,

C-Z has established the following quality objectives.

Continuous Improvement

We recognize that we can always improve the value of our products and services to our customers. Therefore, we are continuously improving the quality of our operations through regular reviews and improvement initiatives.

Improving Quality by Empowering Stakeholders

We understand that employees and suppliers are the means to achieving our quality objectives. Therefore we empower employees throughout C-Z to identify problems, develop solutions, and manage new processes and provide them with the necessary resources and training
