Masterflow® Heat Blower

Heavy-duty, industrial quality, continuous duty heat blower

- 3 models produce 300°F, 500°F or 750°F. High temperatures accommodate many heating, drying & shrinking applications

- High air flow rating - 47 CFM at 2200 FPM means jobs get done fast
- Brushless induction type motor for quiet continuous duty operation
- Rubber backed stand, permits 90° non-slip adjustability. Use in any position or mount on equipment
- Comfort balanced handle for carrying or portable use
- Use to bend plastics, dry materials, parts and ink, heat materials, mount over conveyor lines and on machinery and more

ORDERING INFORMATION
