WAFFLE CONE MIX

A unique product upgraded from the mould of age old method of using premix and oil separately in to a single mix concept. A single compound for making Waffle Cone, simply just add water prepare batter and make Waffle Cone. An easier handling user friendly product with added advantage of EGGFREE product to achieve excellent taste and unmatched product quality. Aroma of pure Vanilla while baking makes it more tempting to eat. Add double scoop of Ice Cream in **Nitini's** Waffle Cone, and the cone is still crunchy till the last bite.

EGGLESS BELGIAN WAFFLE MIX

The first of its kind of product ever launched in India with Indian touch of an EGGFREE product and quality any day better than EGG based product. A Belgian Waffle concept which could never take off in India so far because of non availability of EGGFREE product in India and made all international brands to serve and make their brands work wonders because of **Nitini's** Eggless Belgian Waffle Mix, a single compound user friendly product running successfully all around.
